

We're looking for a Social Editor!

Who are we?

Electric House is a social media agency with a difference – we're a publisher too. We create, produce and distribute shockingly good video content through our social media communities (and beyond), earning untouchable results for our clients.

A career with us is a vibrant one - we're a rapidly growing agency, based in one of the most iconic offices of the West Midlands. And, whilst we may be getting bigger, we pride ourselves on the family-style culture at the heart of our business.

We look for people who want to be a part of that culture, which means people who share our values. We create together, we believe in being passionate and honest, and we always strive to have a consistent positive impact on the business and on the people around us.

Our founder set out to create a company where nobody hated Mondays, or felt undervalued, and we work hard to uphold those principles. 96% of respondents in a recent team survey said they would refer a friend to work with us, so hopefully, we're doing a good job.

If you're looking to be part of something special - something dynamic, and exciting - Electric House could be the place for you.

The role

As a Social Media Editor, you will be responsible for managing and maintaining our largest community, creating engaging video content for our audience and bringing innovative ideas for content to the rest of the social team. This role requires you to have a passion for social media, social media marketing and experience in video editing.

As a Social Media Editor, you will be:

- Organising footage ready for edit
- Cutting footage using Premiere Pro
- Using After Effects (animating graphics and text, built-in effects, kinetic typography, transitions and alpha mattes)
- Editing and retouching imagery in Photoshop
- Ensuring content is social first and relevant for the appropriate platforms

The Successful Candidate

- Has excellent understanding of editing video content for various social media platforms.
- Has knowledge of editing software
- Interest or experience in social media marketing and content
- Works well as part of a team.
- Works well under pressure
- Is a creative thinker

The Detail

Salary: £22,000 pro rata per annum

Holidays: 20 days per year, plus 1 additional day for your birthday and 1 additional day for your work anniversary

Job Type: Full-time

Start Date: Immediate
